#3 EARTH

Welcome to NUDE Magazine issue #3

"Earth is a very broad theme, but we hope that every image in this issue invoke it, in some shape or form. Nude photography often brings the main subject upfront, but it also has the power to deliver an even greater message through it's visuals.

This issue brings together another set of great fineart photographers that each bring their own unique perspective to capturing those special intimate moments with their amazing models. We hope you enjoy our first of 5 issues for 2018 -Nude Magazine

“

I've been in advertising photography for about 15 years, but don't shoot commercially any longer. All the photography I create is done purely for sake of art and not financed by anyone, it is to me essentially just a somewhat expensive hobby. If you like what I do and would like to see more of it, I would be grateful if you'd consider supporting me as an artist either by purchasing my Art Nude book 'The Graces' or perhaps get some of my prints available at shop.commandoart.com. Or book a space on one of my workshops via the website if you want to step your own photography up a notch or two. And finally, I've just launched a Patreon site.

All income from my photography will help finance another trip to the Utah, Nevada, Arizona and New Mexico with two amazing models, to create another Art Nude book. The series of images you see here are a small sampling of the images which will eventually end up in this book.
